EDUCATION

Dr. Akhilesh Das Gupta Institute Of Professional Studies (GGSIPU)

B.Tech in Computer Science | Delhi (2022-2026)

Army Public School

10th standard from CBSE scoring 86.5% (2020)

12th standard from CBSE, science stream (2022)

EXPERIENCE

GlobalNextConsulting India Pvt. Ltd. | Full Stack Web Development Intern

Aug 2025 – Sep 2025

- Designed and improved responsive, user-centric web applications using modern front-end and back-end technologies, ensuring optimal performance across devices.
- Collaborated with cross-functional teams to gather requirements, enhance user experience, and deliver scalable solutions aligned with client objectives.
- Implemented clean, maintainable, and secure code while adhering to industry best practices and data privacy standards.

SKILLS

WebDevelopment: HTML5, CSS3, JavaScript (ES6+), React.js, Angular.js, TypeScript

Programming Languages: Python, C++, Data Structures & Algorithms (DSA)

Databases: MySQL, SQL

Developer Tools: Git, GitHub, VS Code, Deployment

AI Tools & Assistants: ChatGPT, GitHub Copilot, Claude (Prompt Engineering, AI-assisted research)

Soft Skills: Problem Solving, Critical Thinking, Teamwork, Effective Communication

PROJECTS

Live Chat App | Next.js, Convex, Clerk, Tailwind CSS

- Built a full-stack real-time chat application enabling users to send direct messages, create group chats, and interact with live typing indicators and online status.
- Implemented secure user authentication and session management using Clerk, with protected routes and seamless user identity syncing across the app.
- Developed real-time backend functionality using Convex, handling live message delivery, unread message counts, message reactions, and soft delete operations.

AI-Enabled Web Healthcare App | HTML, CSS, JavaScript, Flask(Python), OpenAI API, MySQL

- Designed and enhanced a full-stack AI-powered health care web application leveraging Flask (Python) and MySQL for secure data management and backend processing.
- Integrated OpenAI API to deliver intelligent health analysis and personalized. Recommendations based on user inputs.
- Engineered a secure, responsive frontend using HTML, CSS, and JavaScript, ensuring seamless user experience across devices.

Expert-Booking Platform | MongoDB, Express.js, React, Node.js

- Built a full-stack booking platform enabling users to browse experts, book appointments, and manage their booking history.
- Enforced secure user authentication using JWT tokens and bcrypt password hashing, with protected routes and middleware-based token verification.
- Expanded RESTful APIs with Express.js for expert management and booking operations, including duplicate booking prevention and admin CRUD functionality.
- Deployed the application with the frontend on Netlify, backend on Render, and database hosted on MongoDB Atlas.

CERTIFICATIONS

Front End Development (HTML/CSS/JavaScript) - Great Learning.

- Successfully completed hands on certification program focused on building responsive and interactive web applications using HTML, CSS, and JavaScript.
- Developed a strong foundation in semantic HTML structuring, advanced CSS styling techniques, and JavaScript-driven dynamic functionality.
- Executed core front-end concepts including DOM manipulation, event handling, and responsive design principles through practical mini-projects.

Artificial Intelligence and Machine Learning Training - AcmeGrade

- Complete beginner-level training covering core AI and ML concepts and gained basic understanding of supervised & unsupervised learning algorithms.
- Explored real-world applications of AI in areas like image recognition and predictions.
- Strengthened foundational knowledge for future work in data science and intelligent systems.

EXTRA CURRICULAR ACTIVITIES

- Played in All India University (AIU)Football.
